BOARD OF HEALTH MEETING
DR. BROAD PRESENTS REPORT

The Board of Health, consisting of Chairman Horn, and Messrs. Keith, Williams, Miller, Sanitary Inspector Douglas, and Dr. McAlpine met this morning at the town clerk's office for the 54th session of 1909.

ACCOUNTS PRESENTED.

The various accounts were read, considered and paid, except that of Dr. Broad's, which was deemed rather small enough.

DR. BROAD'S REPORT.

The following was his report, of the inspection of the dairy cattle and cows:

Robert Norman, 8 cows, made good test; St. Charles Kelly, 1 cow, made a good test; St. J. P. Campbell, 1 cow made good test; St. Wm. Eakins, 3 cows, made a good test; St. James, 2 cows, good test; St. Mrs. Barker, 5 cows, good test; St. John Thayer, 5 cows, fair test; St. Joe McDonald, 3 cows, good test; St. Pat. Murphy, 5 cows, made fair test; St. Tom Wilson, 5 cows, good test; Mrs. Barker, 18 cows, good test; Dr. Murphy, 8 cows, made fair test; St. Frank Walker, 5 cows, made good test; St. Hickey, 10 cows, 9 good test, 1 unfavorable, \$10.00; St. Mrs. Barker, 18 cows, 9 good, 1 unfavorable, \$10.00; St. J. P. Campbell, 1 cow, fair test, \$10.00, unfavorable, \$10.00, Total \$140.00.

The board, wishing to know what was meant by unfavorable in the account of Dr. Broad's cows, explained it. They had been quarantined in town. The doctor said that the cow had been tested and had consequently been quarantined.

Answering the question as to what was the cause of the unfavorable test, the animal was questioned as to what was the cause. The cow said that it was a headquarter. The cow said that it was a headquarter. The cow said that it was a headquarter.

The term "unfavorable" is used with reference to cases which are a few symptoms of disease and is not enough to be quarantined.

The board thought it too bad that those should be left remain there for four months when they were perfectly safe to all around them. All the cases were of a very mild nature, and were not dangerous.

It is a nothing question today whether tubercular cow's milk is contaminated.

There is more danger, according to the medical authorities, in using milk from milk that has been thoroughly cooked than in using milk from milk that has been thoroughly cooked.

MEDICAL RESOLUTIONS OFFICER.

The following resolutions were adopted by the Board of Health:

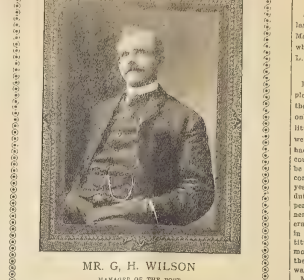

Resolved, That the Board of Health do hereby certify that the following cases of Tuberculosis are of a very mild nature, and are not dangerous to all around them.

Resolved, That the Board of Health do hereby certify that the following cases of Tuberculosis are of a very mild nature, and are not dangerous to all around them.

Resolved, That the Board of Health do hereby certify that the following cases of Tuberculosis are of a very mild nature, and are not dangerous to all around them.

Resolved, That the Board of Health do hereby certify that the following cases of Tuberculosis are of a very mild nature, and are not dangerous to all around them.

MR. G. H. WILSON
MAYOR OF THE TOWN

THE POST wishes its many readers a very Merry Christmas and a Happy New Year.

The County Court
Cases Concluded

In the White vs. Clements land case at the county court Wednesday morning was reserved. Hugh McKeown for plaintiff, P. A. Alderman for defendant.

Delaware v. township of Monmouth First Delinquent as administrator of the estate of the late Felix Delarge made the township a sum of money paid for land in the name of his father, the late Felix Delarge, for forty dollars.

The land was crown land and the township did not have the right to sell it. According to the plaintiff's evidence it was the defendant's claim that the plaintiff should have improved the land and taken out a patent for it.

I. E. Walden for plaintiff, and P. A. Alderman for township, and H. McKeown for Felix Delarge. The action against the reeve was dismissed, and judgment was reserved in the other case.

Set aside was suspended in the case of J. W. Wilson vs. H. McKeown, and judgment was reserved with unlawfully discharging the reeve from the corporation.

Petition For
Sidewalks Early

Alderman Kyle at last night's council suggested a very good proposition. It was to the effect that the clerk insert an advertisement in the morning papers asking all those who had petitioned for sidewalks to come down to do so at once. Stated that he would be at the council on Friday, 19th at 8.30 p. m. and would be glad to see all those who had petitioned for sidewalks.

It seems that White, of Robinson purchased from Chemo a quantity of a portion of timber known as the timber of Chemo, and in return sold the timber to Chemo. The council, however, did not agree to this, and it is now a question whether Chemo will be able to get the timber.

Resolved, That the Board of Health do hereby certify that the following cases of Tuberculosis are of a very mild nature, and are not dangerous to all around them.

Resolved, That the Board of Health do hereby certify that the following cases of Tuberculosis are of a very mild nature, and are not dangerous to all around them.

ELOQUENT ALERMANIC TRIBUTES
TO HIS WORSHIP MAYOR BEGG

At the conclusion of the business at last night's council meeting the Mayor was asked to vacate the chair, which was taken by Deputy Mayor L. McLean.

TRIBUTES PAID.

Reverend G. A. Jordan rose to the floor, and stated that he had been at the last meeting of the town. It was only months that they should do a little kindness and say things that were agreeable. His Worship Mayor Beeg had left the chair, he felt that he could speak with more freedom, and he was pleased in saying how he had conducted himself in the last two years he had occupied the chair. The latter drawing upon him had been performed in a most creditable manner. During the discussion and deliberations he had been most fair in extending courtesy and giving advice. His Worship Mayor Beeg was most careful. This was conceded by the citizens present, and the town was to be congratulated.

Mr. Jordan was also pleased with the harmonious relations which had existed during the year. He felt that it would be impossible to find another man in the Province that had worked together more harmoniously and cordially. That the Mayor, so ulterior motives were displayed, and all worked for the best interests of the town. He was pleased to see all the members present in the council, and he was glad to see the Mayor, and he was glad to see the Mayor, and he was glad to see the Mayor.

What Two Whiskies a Day Would Buy

Some weeks ago we published list of groceries that could be bought for the price of 1 beer a day. It was a huge success. It was a success. It was a success.

Below we publish a better showing of what 2 whiskies a day mean. The trouble is that it is the wine and the beer that is the most expensive. It is the most expensive. It is the most expensive.

The following letter written to us by a man who has been a success in business. It is a success. It is a success. It is a success.

The D.E. Emulsion
Makes Solid Flesh
Because it cures an appetite. It builds up the system. It is a success. It is a success. It is a success.

Dear Sir, Having been accustomed to spend twenty cents a day for whiskey, I find by having 2, 3, or 4 orders from you during one year the following articles:

- 3 barrels of flour.
- 100 pounds of granulated sugar.
- 20 pounds of corn starch.
- 12 pounds maple syrup.
- 20 pounds white beans.
- 6 pounds ground pepper.
- 1 case scrubbing brushes.
- 20 pounds soda.
- 20 pounds roasted coffee.
- 20 cans tomatoes.
- 21 cans mackerel.
- 50 pounds salt raisins.
- 1 case package butter.
- 40 pounds oatmeal.
- 20 pounds baking soda.
- 1 barrel crackers.
- 20 pounds honey.
- 10 pounds mince meat.
- 10 cans brooms.
- 12 bottles machine oil.
- 41 cans cran peas.
- 20 pounds dried apples.
- 20 pounds green tomatoes.
- 40 pounds laundry starch.
- 25 pounds lard.
- 12 pounds maple syrup.
- 100 bars soap.
- 2 gallons cold shower.
- 1 wash tub paper.
- 200 envelopes.
- 2 newspapers for one year.

"I had no idea my drinking had been costing me so much. I now live better and buy more for my family."

Appended to this list is the statement of the grocer that the money saved would be able to provide all the goods enumerated.

Workmen, do you want a way out of the hard time? Stop the drink habit. It is the most money in the world. It is the most money in the world. It is the most money in the world.

The fact is that before the end of this campaign the business men of this city will be a lot better off.

Make Christmas Equal to Child's Expectations

To appreciate what Christmas means to the children, it is best to turn back to those pages in the memory when the fairy penman of Santa Claus overcame his imagination and bewitched him.

The average child is told the wonderful stories of the mystic and of Grimm and Andersen and then fairy tales appeal to their imagination more strongly than the fact that they are told.

It is the fact that the child is told the story of the poor old man who has been a success in business. It is a success. It is a success. It is a success.

"What do you think, Mr. dear? I wish I could have a success in business. It is a success. It is a success. It is a success."
